

Welcome to the Smallpdf Desktop App

Everything you need to work with PDFs—offline!

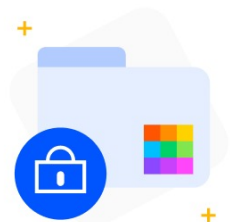

1 Get Work Done—Faster

All your favorite PDF tools on your desktop for more control, enhanced productivity, and lightning speed.

2 Everything Offline

No internet? No problem! Manage your PDFs without the internet or skip the cloud for added security.

3 Compress PDFs

Compress your PDFs without compromising on quality with our basic and strong compression tools.

4 Convert PDFs to Word & More

Tools to convert PDFs to Word, PPT, Excel, JPG, and back again. We've got what you need.

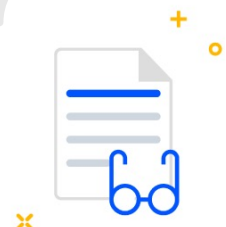

5 Unlock & Protect PDFs

Nifty tools to remove passwords, encrypt, and decrypt your PDFs, so you're in total control.

6 Fast PDF Reader

The fastest PDF reader around that lets you display, print, and share PDFs—straight from your desktop.

7 Organize PDFs

Merge, split, and edit PDF documents, or rotate and delete pages. You're the boss of PDFs.

8 Number Pages

Page numbers out of sync or just not there? Simply add or replace them in your PDF. Order restored!

Enjoy Smallpdf!
